About Social Venture Partners

Social Venture Partners is Greater Cincinnati's home for engaged philanthropists. We are part of an international network of 3500 Partners who collectively invest time, talent and grant money in innovative ways to strengthen local nonprofits. Our purpose is simple: to enable our investees to make the Cincinnati region a stronger and more vibrant community.

Invest Differently

2019 Grant Opportunities

- You are invited to apply for both if eligible.
- Investee Applicants:
 - Social Venture Partner grants are **just the beginning** of our investment. Partners invest their **expertise, experience and networks** to help nonprofits succeed and build capacity.
 - In Cincinnati, grants are typically \$60,000 over three years.
 - Each grant is leveraged by the **strategic contribution** of our partners' time and expertise, so that the average benefit to the nonprofits is **three to five times greater** than the cash grants alone.
- Fast Pitch 2019 Applicants:
 - Technique borrowed from venture capital and start-up communities. It is a way to **showcase** and **accelerate** nonprofits making a difference in our city.
 - Nonprofits train in telling **effective, inspiring stories** and then **compete** via a 3-minute pitch for up to **\$30,000 in prizes**. #3minutesthatmatter
 - In its fifth year, Fast Pitch 2018 was **bigger and better than ever**. The event was attended by 650 people and we continue to hear impact beyond the cash awards.

2019 Focus Area

SOCIAL INNOVATION

A social innovation is a novel solution to a social problem that is more effective, efficient, sustainable, or just, than current solutions. The value created accrues primarily to society rather than to private individuals.

Questions to consider when thinking about Innovation:

- What is it that you are doing and proposing that is new and different? How is it different?
- What supporting evidence do you have that your solution is better?
- What is the value proposition showing that your solution improves efficiency and/or lowers costs?
- How do you map yourself on the continuum of risk (high, medium, low) and why?

Requirements

- Completed and submitted application with all supporting documents by midnight on August 3, 2018.
- Investee applicants:
 - September site visits for Finalists
 - Participation in Partner presentation training for Finalists
 - Presentation at All Partner Meeting the evening of November 7th
- Fast Pitch applicants:
 - Semifinalist Orientation on December 12, 2018
 - Semifinalists training on January 5, 2019
 - Semifinalist Partner presentations on January 24, 2019
 - Finalist training on February 2, 2019
 - Fast Pitch 2019 – March 14, 2019
 - Identified pitcher (Pitcher cannot be changed after Semifinalist training and Partner presentation)
